Gold Maintenance and Breakdown Care

The Agreement is provided by The Warranty Group Services (Isle of Man) Limited (we/us/our). TWG Services Limited (the Administrator) administers the Agreement on behalf of the Provider.

What the Agreement provides

We aim to provide a safe, high quality service to maintain and repair your vehicle for the period selected.

What is included in the Agreement

The Agreement is for maintaining and repairing your vehicle and includes:

Periodic Maintenance Inspection

One maintenance inspection of your vehicle during the term of the Agreement and annually thereafter for agreements of more than one year. Your Supplying Dealer will complete the periodic maintenance inspection after you purchase your Agreement for your vehicle. If, however your Supplying Dealer is unable to perform the periodic maintenance inspection, please contact the Administrator for details of our preferred repairer. The Supplying Dealer or our preferred repairer will complete a Periodic Maintenance Inspection Form to show you what he or she has checked.

Maintenance

Labour and parts costs for repairs to maintain your vehicle if an included part suffers a failure to perform its function (including maintenance repairs required following a manufacturer's service), up to the repair value selected at time of Application and subject to the Maintenance and Repair Conditions.

Breakdown

Labour and parts costs for included parts in the event of a breakdown which immobilises the vehicle, up to the repair value selected at time of Application and subject to the Maintenance and Repair Conditions.

The Agreement does not include the following:

Design or existing faults

Accidental damage

Diagnosis

Consequential damage

Consequential damage is not included if it is reasonable for us to conclude that further damage has been caused by your failure to take preventative steps or to notify us after the initial failure of a component (for example, the vehicle being driven with a defective part) and any loss arising from:

1. excluded parts;
2. incorrectly fitted parts;
3. insufficient servicing;
4. faults present at purchase.

Dismantling

We will not pay for any stripping down of the parts to determine the cause of the failure of parts or breakdown unless we accept the maintenance (as included under section D) or repair request (as included under section E).

What parts are included?

As part of the Agreement we include maintenance due to failure of certain parts, including maintenance repairs required following a manufacturer's service. A failure is the failure of a component to perform its normal function. The Agreement also includes repairs due to a breakdown. A breakdown is the failure of a component which results in the immobilisation of the vehicle.

Only parts specifically listed under each heading are included. If a part is not listed then it will not be included.
